|                              | <p><b>Brief description:</b></p> <p>The Battuta project is built around a consortium of 20 institutions (9 in Europe, 11 in Maghreb). This project aims to build ties between institutions on both shores of Mediterranean. It will organize the implementation of more than 200 mobilities during 48 months. These mobilities concern students: all levels and all fields of study and staff: academic and administrative. The purpose of Battuta project is to reinforce existing cooperation between many EU institutions and TC institutions. It also aims to empower low or no-experienced universities in Maghreb such as to strengthen their capacities in managing international projects.</p> |   |
