	Postal address	PIAZZA VINCENZO RIVERA 1 67100 - L AQUILA
	Tel/fax	+39 0862 432030
	E-mail	anna.tozzi@univaq.it
	<p>Brief description:</p> <p>MayaNET aims to contribute in the creation of lasting and reliable relations between EU and LA countries and enhance political, cultural, educational, and economic links between the two regions. It will develop training and scientific exchanges and result in a strong sustainable contribution to the construction of a global knowledge society. The specific objectives are: - To develop higher education teaching and learning capacity through the transfer of know-how and knowledge as well as the exchange of best practices; -To establish strong relations with EU institutions for the future LA university teachers/researchers; - To promote mutual enrichment and intercultural understanding;- To improve the internationalisation of LA Master programmes; - To promote life-long learning and modify the management of higher education institutions with a view to adapting students learning to labour market changes; - To better integrate LA universities within the EHEA and ERA and to harmonise HE curricula in accordance with the Bologna process. The MayaNET partnership consists of 20 Universities, 10 from LA (HN, SV, GT, NI, CO, MX, CU) and 10 from EU, and of 4 Associates. The project's objectives will be achieved through the mobility of undergraduate (37), master (32), doctoral (18) and post-doctoral (16) students as well as academic and administrative staff (17) for a total of 120 mobility flows, 85 from LA to Europe and 35 in the other direction. The length of mobility will allow the majority of them to complete the whole program abroad. The fields of study concern all the priority expressed by the Region. Mobility is foreseen for all TGs, taking into great consideration the indigenous population, the heir of the Maya and pre Columbian population. The dissemination and promotion of the project will be done to attract talented students (at MA and PhD level) who will be the future leaders in their community, for the enrichment of Societies of both parts of the partnership.</p>	

Mobility flow:

Type of Mobility	Outgoing		Third country	Incoming			Total	Distribution per mobility type
	Europeans			Third country nationals				
	Target Group 1	Target Group 2		Target Group 1	Target Group 2	Target Group 3		
Undergraduates			<i>HN</i>	4		1	5	10 = 8%
