OUTLINE

Preparing the application based on the requirements of the call for proposals

Good practices for the preparation of EMJMD proposals

Application package (eForm & attachments) and submission procedure
Common requirements for all Erasmus+ International dimension – Centralised Actions

✓ Submission on-line to EACEA
✓ eForm & Attachments
✓ Four types of assessment criteria
  ❖ Eligibility Criteria
  ❖ Exclusion Criteria
  ❖ Selection Criteria
  ❖ Award Criteria
Eligibility criteria

- Erasmus+ Programme Guide
  Part B: EMJMD section, pages 89-96
  Annex I: ERASMUS MUNDUS JOINT MASTER DEGREES, pages 291-293

- The eForm has been designed in a way that submission will be possible only if certain basic eligibility criteria are fulfilled:
  e.g. submission deadline, minimum consortium composition (n°, profile and role), attachments uploaded in the eForm, maximum duration of the EMJMD, maximum amount of the grant requested, ...

- Other eligibility criteria will be checked by the Agency staff:
  e.g. accreditation, submission language, duly filled in attachment ...

It does not matter how well the project has been designed. If it does not fulfil the eligibility criteria, this will lead to the automatic rejection of the proposal.
Prerequisites for an Erasmus Mundus proposal

- Your consortium has a "broad knowledge" of Erasmus+ and a "sound knowledge" of the Erasmus Mundus action
  - What/who is it for? How does it work? What activities does it support and how? Who could help you understand it better?

- Your consortium has a concrete idea for an international partnership to jointly implement a Erasmus Mundus Joint Master Degree
  - Does it fit the EMJMD objectives, priorities, requirements, etc.?
  - Does it address the needs of all the consortium partners?

- Your idea is embedded in your institutions
  - Have it discussed with the relevant instances (Rector, Dean, international affairs office, etc.)
  - Ensure support for the proposal preparation and, if successful, the project implementation
Building up your EMJMD consortium (1)

- **Start locally in your institution:**
  other colleagues, services, departments with experience in running international mobility projects (in particular Erasmus Mundus).

- Consult your **Erasmus+ National Agency:**
  for advice and networking opportunities.

- Continue searching for **other stakeholders** from Programme Countries to expand the consortium by widening it across the EHEA:
  other HEIs, research institutes, enterprises, local/regional/national authorities, etc.

- **Enlarge** the consortium with **international partners** from Partner Countries:
  organisations you have worked with in the past with specific expertise, colleagues that share the same enthusiasm for international cooperation and mobility projects, etc.

- Keep the size of the partnership manageable.
Participating organisations:

- bring specific expertise, concrete added value to the EMJMD
- spread the benefits of joint/multiple degrees in a wider European context
- gain a worldwide visibility, work together with excellent students
- benefit from a very attractive EU funding scheme

Cooperation is based on trust, on confidence and on formalised agreements, ensuring institutional commitment and defining the role and tasks of each partner.

Academic and administrative management are jointly designed and structured.
Drafting the EMJMD proposal

- **Coherent** in its entirety; avoid contradictions; avoid "patchwork"
- **Simple & concrete**: use examples, justify your statements, bring proofs
- **Clear**: follow the questions and answer them in the right order
- **Explicit**: do not take anything for granted; do not assume experts will always immediately understand; avoid abbreviations or explain them
- **Rigorous**: the application is the basis on which your project will be implemented; it is also the cornerstone of your partnership commitment
- **Focused**: stick to what is asked
- **Complete**: ensure (twice!) you have followed all the instructions and that the proposal fulfils all the mandatory requirements
- **Easy Read language**: keep most sentences 10-15 words long. Use varied sentence length to make them interesting, but keep sentences simple.
