EUAV TEACH – Technical Assistance for European Caritas Organisations in Humanitarian Aid

(TEACH)
Technical Assistance for European Caritas Organisations in Humanitarian Aid

• 6 Caritas organisations (Caritas Europa, Austria, Czech Republic, Great Britain, Ireland, Romania)

• Timeframe: 2 years (February 2018 – January 2020)

• Focus areas:
  Volunteer management
  Humanitarian principles and standards
  Communication and campaigning
Volunteer management

• Peer exchange workshops:
  • exchange between domestic volunteering programmes and international deployment
  • Post deployment strategies

• Technology support: Volunteer database, monitoring and feedback systems

• Standards and Manuals: operational manuals for sending and hosting organisations
Humanitarian Standards

Core Humanitarian Standards:
• Orientation on CHS and EUAV standards
• Organisational self-assessments
• Action plans for implementation of selected priorities
• Peer exchange and learning visits

Thematic trainings
• CHS and protection mainstreaming
• Safeguarding and complaints handling
• M&E, Accountability and Learning
• Simulation exercise – Assessments, tbd

• Additional tailored learning tools (e.g. safeguarding)
Awareness raising and public campaigning

- Workshops on capacity building on awareness-building and public campaigning and activity planning
- Information caravan in important cities and university centres in Czech Republic and Romania
- Workshops about volunteering in humanitarian aid
- Additional information material in local languages ([https://projectteach.eu/de/](https://projectteach.eu/de/))
Capacity strengthening

• Core Humanitarian Standards - Guidance on accountability, room for improvements of systems (overall), new approach for many existing processes

• Standardized systems for volunteer management, little difference in processes and in between countries

• Peer learning and exchange within the consortium and across the network for all objectives, also across CB/TA activities

• Outreach and networking regarding different joint topics and approaches (Volunteers, guidelines, organisational development processes, etc.)
