WHAT ARE THE AIMS OF SMALL COLLABORATIVE PARTNERSHIPS?
Small collaborative partnerships will allow grassroots sport organisations to:
- develop and reinforce networks
- increase their capacity to operate at transnational level
- exchange good practices
- confront ideas and methods in different areas relating to sport and physical activity.

WHAT IS GRASSROOTS SPORT?
«Grassroots sport is physical leisure activity, organised and non-organised, practised regularly at non-professional level for health, educational or social purposes.»

WHO CAN APPLY?
Any participating organisation established in a Programme Country can be the applicant. This organisation applies on behalf of all participating organisations involved in the project.

ELIGIBLE PARTICIPATING ORGANISATIONS
Any non-profit organisation or public body, active in the field of sport, established in a Programme Country or in any Partner Country of the world.

HOW MANY ORGANISATIONS?
A Small Collaborative Partnership is transnational and involves at least 3 organisations from 3 different Programme Countries. There is no maximum number of partners. However, the budget for project management and implementation is capped (and equivalent to 5 partners).
