1. INTRODUCTION

These guidelines are based on Regulation No 1295/2013 of the European Parliament and of the Council of 11 December 2013 establishing the Creative Europe Programme (2014-2020)\(^1\) and the corrigendum of the 27/06/2014\(^2\).

They also take into account the priorities stemming from the policy cooperation established at European Union (hereafter ”EU”) level in the field of culture. The European Agenda for Culture\(^3\), that the European Commission issued in 2007, set for the first time a framework for cultural cooperation among EU Member States and between these and the Commission.

Based on that, the EU Council of Ministers adopted a Work Plan for Culture\(^4\), which sets out priorities for the period 2015-2018, seeking to address the key challenges faced by cultural organisations and SMEs in the creative and cultural sectors at national and EU level in an environment constantly marked by the effects of globalisation and digitisation.

Both the European Agenda for Culture and the Work Plan for Culture 2015-2018 help better define and understand the policy framework in which the Creative Europe Programme (hereafter ”the Programme”) operates and the ultimate objectives pursued through the funding opportunities it offers.

The European Commission is responsible for the implementation of the Programme and for the decision to grant individual EU funds. The Education, Audiovisual and Culture Executive Agency (hereafter ”the Agency”) manages the Culture and MEDIA Sub-programmes on behalf and under the control of the European Commission.

General background information about the Creative Europe Programme can be found at: http://ec.europa.eu/creative-europe/

2. PROGRAMME PRIORITIES, OBJECTIVES, AND TARGETED PROJECTS

2.1. Programme priorities

According to the framework referred to under section 1 of these Guidelines, the Programme seeks to support projects working on and contributing to the agreed priorities; transnational mobility, audience development and capacity building (notably digitisation, new business models and education and training). These programme priorities are noted here below to explain the programme context in which all Creative Europe projects, including literary translation projects, operate. When submitting their applications through the online application system, applicants for literary translation projects must tick the one priority which is the most relevant to their project.

A) Transnational mobility

Transnational mobility is about mobility of artists and professionals as well as transnational circulation of cultural and creative works. Transnational mobility must be embedded in some sense in all projects under the Creative Europe Programme. Mobility is about results, not just a matter of travelling across

---

\(^1\) Regulation No 1295/2013 of the European Parliament and of the Council establishing the Creative Europe Programme was published in the Official Journal of the European Union on 20/12/2013 (OJ L 347, p. 221).
\(^3\) More information on the European Agenda for Culture can be found at: http://ec.europa.eu/culture/policy/strategic-framework/index_en.htm
borders. Literary translation projects shall take this programme priority into account when describing a strategy for the translation, distribution and promotion of the translated package of works of fiction. The strategy can be aimed at, for example, accessing new markets, creating network possibilities, building partnerships and contacts and reaching new and wider audiences.

B) Audience development

Audience development means bringing people and culture closer together. It aims to directly engage people and communities in experiencing, enjoying and valuing arts and culture. Audience development is an important new priority in Creative Europe which helps European artists and cultural professionals and their works reach as many people as possible across Europe and extend access to cultural works to under-represented groups. In its strategy for the translation, distribution and promotion of the translated works, a literary translation project shall aim to expand readership and publics, to diversify them or to deepen the relationship with existing audiences (or a combination of these).

C) Capacity building

Capacity building means helping cultural operators to further develop their skills and internationalise their careers in order to facilitate access to professional opportunities as well as to create the conditions for greater transnational circulation of cultural and creative works and for cross-border networking. In its strategy for the translation, distribution and promotion of the translated works, a literary translation project shall describe any foreseen contributions to activities for capacity building. The following elements and themes must be considered in this context.

C.1) Digitisation

The digital shift is having a massive impact on how cultural and creative goods are made, disseminated, accessed, consumed and monetised. These changes offer opportunities for the cultural and creative sectors, including for the book and publishing sector; and encourage the development of new production, distribution and promotion methods and new business models.

C.2) New business models

In light of the opportunities offered by the new technologies, the cultural and creative sectors must develop and test new models of revenue, management and marketing. Financial and business skills must be enhanced to find new sources of revenue or new management models for better performance and lower costs.

C.3) Training and education

One of the overall priorities of the Programme is to enable people to gain new skills which will enrich their professional life and better their chances on the labour market. A literary translation project will include contributions to the professional development of the people involved.

2.2. Specific objectives and priorities for literary translation projects

The main objectives of the support for literary translation projects are:

- to support cultural and linguistic diversity in the EU and in other countries participating in the Culture Sub-programme of the Creative Europe Programme;
- to strengthen the transnational circulation and diversity of high quality literary works in the long term,
- to improve access to these literary works in the EU and beyond and to reach new audiences.
Within the above objectives, the priorities of the support for literary translation projects are:

- supporting the promotion of European translated literature;
- encouraging the translations from lesser used languages\(^5\) into English, German, French and Spanish (Castilian) as these may contribute to a wider circulation of the works;
- encouraging the translation of less represented genres such as works for young public (children, adolescents and young adult), comics/graphic novels, short stories or poetry;
- encouraging the appropriate use of digital technologies in both the distribution and promotion of the works;
- encouraging the translation and promotion of books which have won the EU Prize for Literature (see [http://www.euprizeliterature.eu](http://www.euprizeliterature.eu));
- raising the profile of translators. For that reason, publishers will be required to include a biography of the translators in each translated book.

On top of the specific features of the scheme and in compliance with the principle of subsidiarity, the supported projects shall contribute to create European added value as defined in Article 5 of Regulation No 1295/2013 establishing the Creative Europe Programme.

### 2.3. Targeted projects

In order to encourage the priorities listed above, the literary translation scheme offers co-financing to projects that propose a strategy for the translation, publication AND promotion of a "package" of European works of fiction from and into eligible languages that best meet the above mentioned objectives and priorities and include the following key elements:

- The proposed package contributes to the diversity of literature in the target country(ies) by including works from countries, genre or authors that are underrepresented
- The distribution strategy ensures a wide accessibility of the works for the general public
- The promotion strategy contributes to an enlargement and renewal of the public for European translated literary works of fiction
- The project proposes innovative professional practices and/or the appropriate use of digital technologies in their strategy and activities

Depending on the duration, needs, nature and objectives of the projects (also referred to as "actions"), applicants will have to choose between two categories of support:

**Category 1 – Two year projects**
- Every year up to 2020, two year projects for which the maximum grant per project is EUR 100 000.

**OR**

**Category 2 – Framework partnership agreements**
- For the calls for proposals published in December 2013 and in November 2016, framework partnership agreements\(^6\) for respectively three years and four years. The maximum grant per specific agreement awarded under the framework partnership agreement will be EUR 100 000 per year.

---

\(^5\) Lesser used languages include all the languages officially recognised in EU Member States, except English, German, French and Spanish (Castilian).

\(^6\) See section 10.2 for more information on the functioning of framework partnership agreements.

4. AVAILABLE BUDGET

The total available budget for the co-financing of projects under this scheme is estimated at 7% of the total budget for Creative Europe – Culture Sub-programme (i.e. EUR 454.8 million) which amounts to around EUR 31.8 million over the period 2014-2020.

Each year throughout the duration of the Programme, the European Commission and the Agency will publish an annual work programme indicating the budget devoted to literary translation projects for that particular year.

Financial contribution from the EU cannot exceed 50% of the total eligible costs of the project. The remaining amount shall be secured by the applicants.

The Agency reserves the right not to distribute all funds available.
5. ADMISSIBILITY REQUIREMENTS

Applications shall comply with the following requirements:

- they must be sent no later than the deadline for submitting applications referred to in section 3 of the present guidelines;
- they must be submitted in writing using the online application form (see section 14 of the present guidelines);
- they must be submitted in one of the EU official languages, completed in full, with all the required signed annexes (original signatures or equivalent required);

Only typed applications will be considered.

Failure to comply with those requirements will lead to the rejection of the application.

In order to submit an application, applicants and members must provide their Participant Identification Code (PIC) in the application form. The PIC can be obtained by registering the organisation in the Unique Registration Facility (URF) hosted in the Education, Audiovisual, Culture, Citizenship and Volunteering Participant Portal. The Unique Registration Facility is a tool shared by other services of the European Commission. If an applicant or member already has a PIC that has been used for other programmes (for example the Research programmes), the same PIC is valid for the present call for proposals.

The Participant Portal allows applicants and members, to upload or update the information related to their legal status and attach the requested legal and financial documents (see section 14.2 for more information).
6. ELIGIBILITY CRITERIA

Applications which comply with the following criteria will be the subject of an in-depth evaluation.

6.1. Eligible countries

The Agency may select proposals from applicants from non EU countries provided that, on the date of the award decision, agreements have been signed setting out the arrangements for the participation of those countries in the Programme established by the Regulation referred to above.

An updated list of countries that fulfil the conditions referred to in Article 8 of Regulation No 1295/2013 and that the Commission has started negotiations with can be found at: https://eacea.ec.europa.eu/creative-europe/library/eligibility-organisations-non-eu-countries_en

Natural persons may not apply for a grant.

6.3. Eligible projects

For calls published in 2014 and March 2016 applicants can only apply under category 1.

For the call to be published in November 2016 applicants will have to choose to apply under either category 1 or category 2 depending on the duration, needs, nature and objectives of the project.

NB: Regardless of the category applicants can submit only one application per call.

6.3.1 Category 1 - Two year projects

This category includes projects that:
- have a maximum duration of 2 years (eligibility period);
- are the subject of an application requesting no more than EUR 100 000, representing a maximum of 50% of the total eligible budget;
- consist both in the translation and promotion of a package of 3 to 10 eligible works of fiction from and into eligible languages;
- are based on a strategy for the translation, distribution and promotion of the translated package of works of fiction.

6.3.2 Category 2 - Framework partnership agreements

A call for proposals was launched in 2013 for establishing 3-year framework partnership agreements. A new call is foreseen in 2016 for establishing 4-year framework partnership agreements:
- The application for the framework partnership agreement must include an action plan covering the entire duration of the agreement. The action plan shall be based on a long term strategy for the translation, distribution and promotion of the translated package of works of fiction.
- The projects covered by the framework partnership agreement must consist in both the translation and promotion of a package of 5 to 10 eligible works of fiction per year from and into eligible languages. For the subsequent 2 years (2014 applications) or 3 years (2017 applications), applicants selected under a framework partnership agreement will be invited by the Agency to submit a proposal for the translation and promotion of a package of 5 to 10 eligible works each specific year.
- The specific annual grants awarded under the framework partnership agreement to support the project shall not exceed EUR 100 000.

If successful, applicants will be awarded a framework partnership agreement and a specific agreement for the first year.

For the subsequent 2 years (2014 applications) or 3 years (2017 applications), the translation and promotion of a package of 5 to 10 eligible works proposed each year will be assessed annually by the Agency until the end of the framework partnership agreement according to the same award criteria. Only those applicants who meet the award criteria to the same extent as they did for the award of the framework partnership agreement and the specific agreement for the first year will be awarded with annual specific grants the following years.

8 See section 10.1.2 for more information on the functioning of framework partnership agreements.
6.4. Eligible languages

Irrespective of the category of financial support under which publishers or publishing houses may apply, the project will also have to comply with the following requirements concerning languages:

- The source language and target language must be officially recognised languages of one of the eligible countries referred to in section 6.1. of these guidelines.

- In addition, either the source or the target language must be officially recognised in one of the countries referred to in paragraphs 1, 3 or 4 of section 6.1. : the 28 EU countries, EFTA/EEA countries (Norway and Iceland) or Swiss Confederation⁹

- “Officially recognised languages” are those defined by the Constitution or the basic law of the respective country.

- Translations from Latin and ancient Greek (source language) into officially recognised languages of one of the eligible countries referred to in paragraphs 1, 3 or 4 of section 6.1 of these guidelines (the 28 EU countries, EFTA/EEA countries (Norway and Iceland) or Swiss Confederation¹⁰) are also eligible.

- The target language must be the translator's mother tongue (except in cases of less frequently spoken languages if the applicant provides sufficient explanation).

- Translations and publications must have a cross-border dimension. Hence the translation and/or publication of national literature from one official language into another official language within the same country is not eligible.

6.5. Eligible works (source)

The projects will also have to comply with the following requirements concerning the original works (as a source)

- Works in paper or digital format (e-books) are both eligible

- The works must be works of fiction with a high literary value, irrespective of their literary genre, such as novels, short stories, plays, poetry, comic books and works for young public.

  Non-fiction works are not eligible, such as: autobiographies or biographies or essays without fictional elements; tourist guides; human science works (such as history, philosophy, economy, etc.) and works related to other sciences (such as physics, mathematics, etc.).

- The works must have been previously published.

- The works must be written by authors who are nationals of, or residents in, an eligible country (referred to in section 6.1 of these guidelines) with the exception of works written in Latin or ancient Greek.

- The works must not have been previously translated into the target language, unless a new translation corresponds to a clearly assessed need. In this case applicants must explain the expected impact on new readers and provide a convincing explanation of the need for a new translation into the specific target language.

⁹ The Swiss confederation is not eligible for the call published in February 2016

¹⁰ The Swiss confederation is not eligible for the call published in February 2016
The application must contain, amongst other documents listed in Annex, a declaration on works to be translated which must follow a mandatory template.

**Proof of translation rights**

Applicants are not required to prove that they own the necessary translation rights at application stage unless 2 (or more) applications include the same translation (same target language) of a book. In this case, applicants will be requested to demonstrate that they own the necessary rights relating to the works proposed for translation.

In case of selection, the beneficiaries will have to demonstrate that they own the necessary rights relating to the works proposed for translation, as well as submit the signed contracts with the translators. The beneficiaries will have to provide the Agency with the formal agreement on rights, authorising the publisher to translate, print/release and sell the work, as well as the signed contracts with the translators, for each book within 2 months after the date on which they received the notification of the award decision. The books for which the beneficiaries cannot make the formal agreement on rights and the contracts with the translators available within this time limit will become ineligible. If this has the effect of calling into question the award decision in the light of the eligibility criteria, the Agency will not sign the (specific) grant agreement/decision.

### 6.6. Eligible activities

Eligible activities are the translation, publication, distribution and promotion of a package of eligible works of fiction with a high literary value, irrespective of their literary genre, such as novels, short stories, plays, poetry, comic books and works for young public;

Activities can include special events and marketing/distribution organised for the promotion of the translated works in the EU and outside the EU, including digital promotion tools and promotion of authors at book fairs and literary festivals.

As a complement to the translation, publication, distribution and promotion of a package of eligible works, projects can also include the **partial translation (translation of excerpts) and promotion of works of fiction from the catalogues of the applicant** (not included in the package) to foster the selling of rights either within Europe or beyond.

### 6.7. Eligible period

**6.7.1 Category 1 - Two year projects**

For the call published in March 2016 activities must normally start between January and February 2017.

However, a Union grant may be awarded for a project which has already begun only if the applicant can demonstrate the need to start the project before the agreement/decision has been signed. In any case, the Agency will have to approve the justification of the need to start the project before the agreement has been signed and the project cannot start before the deadline for submission indicated in section 3 of these guidelines.

No grant may be awarded retroactively for projects already completed.
For the following calls activities must normally start between September of year n and December of year n

- However, a Union grant may be awarded for a project which has already begun only if the applicant can demonstrate the need to start the project before the agreement/decision has been signed. - No grant may be awarded retroactively for projects already completed.

The project duration is maximum 24 months.

- Applications for projects scheduled to run for a longer period than that specified in these guidelines will not be considered eligible.
- An extension of the eligibility period beyond the maximum duration can only be granted if after the signing of the agreement/decision and the start of the project it becomes impossible for the beneficiary, for fully justified reasons beyond his control, to complete the project within the scheduled period, an exceptional extension to the eligibility period may be granted. A maximum extension of 6 additional months may be granted, if requested before the deadline specified in the agreement/decision. The maximum duration will then be 30 months.

6.7.2 Category 2 – Framework partnership agreements

Activities must start between September and December of 2014 or 2017, depending on the call for proposals applied for.

However, a EU grant may be awarded for a project which has already begun only if the applicant can demonstrate the need to start the project before the agreement has been signed. In any case, the Agency will have to approve the justification of the need to start the project before the agreement has been signed and the project cannot start before the deadline for submission indicated in section 3 of these guidelines.

The activities covered by specific agreements for subsequent years\(^\text{11}\) may not overlap with the eligibility period of the previous specific grant agreement.

No grant may be awarded retroactively for projects already completed.

Furthermore, applications for projects scheduled to run for a longer period than that specified in these guidelines will not be considered eligible.

No extension to the eligibility period beyond the maximum duration will be granted.

iv. decisions of the Commission relating to the infringement of the Union's competition rules or of a national competent authority relating to the infringement of Union or national competition law.

v. decisions of exclusion by an authorising officer of an EU institution, of a European office or of an EU agency or body.

(h) where a person who is a member of the administrative, management or supervisory body of the applicant, or who has powers of representation, decision or control with regard to that applicant (this covers the company directors, members of the management or supervisory bodies, and cases where one person holds a majority of shares), is in one or more of the situations referred to in points (c) to (f) above.

(i) where a natural or legal person that assumes unlimited liability for the debts of that applicant is in one or more of the situations referred to in point (a) or (b) above.

If an applicant is in one of the situations of exclusion listed above, it should indicate the measures it has taken to remedy the exclusion situation, thus demonstrating its reliability. They may include e.g. technical, organisational and personnel measures to prevent further occurrence, compensation of damage or payment of fines. This does not apply for the situations referred in point (d) of this section.

7.2. Rejection from the award procedure

An applicant will not be awarded a grant for this procedure if

(a) it is in an exclusion situation established in accordance with the above section 7.1;

(b) it has misrepresented the information required as a condition for participating in the procedure or has failed to supply that information;

(c) it was previously involved in the preparation of a call for proposals where this entails a distortion of competition that cannot be remedied otherwise.

Rejection from this procedure and administrative sanctions (exclusion or financial penalty) may be imposed on applicants or affiliated entities where applicable, if any of the declarations or information provided as a condition for participating in this procedure prove to be false.
The applicants should be informed that the Agency may publish on its internet site the following information related to the exclusion and, where applicable, the financial penalty in the cases referred to in points (c), (d), (e) and (f) of the section 7.1:

(a) the name of the applicant concerned;
(b) the exclusion situation.
(c) the duration of the exclusion and/or the amount of the financial penalty.

In case of a preliminary classification in law (i.e. absence of a final judgement or a final administrative decision), the publication shall indicate that there is no final judgment or final administrative decision. In those cases, information about any appeals by the applicant, their status and their outcome, as well as any revised decision of the authorised officer, shall be published without delay. Where a financial penalty has been imposed, the publication shall also indicate whether that penalty has been paid.

The decision to publish the information is taken by the Agency either following the relevant final judgment, final administrative decision or preliminary classification in law, as the case may be. That decision shall take effect three months after its notification to the economic operator.

The information published shall be removed as soon as the exclusion has come to an end. In the case of a financial penalty, the publication shall be removed six months after payment of that penalty.

In accordance with Regulation (EC) No 45/2001, where personal data is concerned, the Agency shall inform the applicant of its rights under the applicable data protection rules and of the procedures available for exercising those rights.

7.3. Supporting documents

Applicants must sign a declaration on their honour certifying that they are not in one of the situations referred to in the above sections 7.1. and 7.2, filling in the relevant form attached to the application form accompanying the call for proposals. If applicable, the relevant documentary evidence which appropriately illustrates any remedial measures taken should be provided in annex to this declaration.

The signed declaration on honour must be attached to the application form.

---

12 This information shall not be published in any of the following circumstances:
(a) where it is necessary to preserve the confidentiality of an investigation or of national judicial proceedings;
(b) where publication would cause disproportionate damage to the applicant concerned or would otherwise be disproportionate on the basis of the proportionality criteria and to the amount of the financial penalty;
(c) where a natural person is concerned, unless the publication of personal data is exceptionally justified, inter alia, by the seriousness of the conduct or its impact on the Union's financial interests. In such cases, the decision to publish the information shall duly take into consideration the right to privacy and other rights provided for in Regulation (EC) No 45/2001.
8. SELECTION CRITERIA

Applicants must submit a declaration on their honour, completed and signed, attesting to their status as a legal person and to their financial and operational capacity to complete the proposed activities.

8.1. Operational capacity

Applicant organisations must have the professional competencies and qualifications required to complete the proposed project.

In this respect, applicants have to submit a declaration on their honour and, for those applying for a grant above EUR 60 000 it will be requested to provide the copies of the applicant organisation’s activity reports of the last two years. Applicants who have issued only one activity report on the date of submission due to their date of establishment shall be authorised to provide this report only.

The Agency will assess and verify the level of subcontracting activities used by applicants to implement the proposed project.

8.2. Financial capacity

Applicants must have stable and sufficient sources of funding to maintain their activity throughout the period during which the project is being carried out and to participate in its funding.

The applicants’ financial capacity will be assessed on the basis of the following supporting documents to be submitted with the application:

- Low value grants (≤ EUR 60 000):
  - a declaration on their honour.
- Grants > EUR 60 000:
  - a declaration on their honour
  - the financial statements (including the balance sheet, the profit and loss accounts and the annexes) of the last two financial years for which the accounts have been closed
  - financial capacity form provided for in the application form, filled in with the relevant statutory accounting figures, in order to calculate the ratios as detailed in the form.

- Framework Partnership Agreements (FPAs), in addition to the above:
  - an audit report produced by an approved external auditor certifying the accounts for the two last financial years available

If, on the basis of the documents submitted, the Agency considers that financial capacity has not been proved or is not satisfactory, it may:

- require a guarantee (see section 10.2 of these guidelines) provided by an approved bank, a financial institution or a joint guarantee by a third party;
- offer a grant agreement without pre-financing and make an interim payment on the basis of eligible expenses already incurred when the project has been partly carried out.

The Agency reserves the right to reject the application if neither of these two options can be implemented, irrespective of the reason.

The verification of financial capacity shall not apply to public bodies, to international organisations under public law and to education and training establishments if decided by the competent authorising officer on the basis of his analysis of management risks.
9. AWARD CRITERIA

Eligible applications will be assessed on the basis of the following criteria:

<table>
<thead>
<tr>
<th>Criteria</th>
<th>Definition</th>
<th>Maximum points</th>
</tr>
</thead>
<tbody>
<tr>
<td>1. Relevance</td>
<td>Does the application contribute to the objectives and priorities of the scheme?</td>
<td>40</td>
</tr>
<tr>
<td>2. Quality of the content and activities</td>
<td>How is the project implemented?</td>
<td>25</td>
</tr>
<tr>
<td>3. Promotion and communication</td>
<td>What is the project's approach to promoting the translated works?</td>
<td>20</td>
</tr>
<tr>
<td>4. Automatic points:</td>
<td>Number of books that have won the European Union Prize for Literature (EUPL) contained in the application</td>
<td>15</td>
</tr>
</tbody>
</table>

1. Relevance (40)

This criterion evaluates how the project will contribute to the priorities referred to in section 2 of these guidelines. Concretely, the criterion evaluates how the project will contribute to the transnational circulation of works of European literature and to improving access to it.

- What is the added value of the project to support the circulation and diversity of European literature in the targeted countries?
- How relevant is the project with regard to:
  1) the circulation of works written in lesser used languages (including their translation into English, German, French and Spanish (Castilian) ?
  2) the circulation of less represented genres such as literature for young public (children, adolescent and young adult), short stories or poetry?
- How relevant is the distribution strategy to ensuring the widest accessibility of the works, including the use of digital technologies?
- To what extent will the project explore and introduce innovative business or professional practices in the field of translation, promotion or distribution of European literature?

2. Quality of the content and activities (25)

This criterion evaluates how the project is implemented in practice (quality of the work to be translated, the experience of the staff in charge of the project and working arrangements)

- How relevant is the background of the publisher's or publishing house's team taking part in the project, for example, in terms of literary and language skills, organisational skills, marketing skills, track record? To this purpose, the biography of the persons from the publisher or publishing house taking part in the project will be assessed.
- How adapted are the financial and human resource allocations to the different phases of the project? To this purpose the clarity, structure and details of the budget will be assessed.
- How clear and realistic is the time-table for the work programme?
- How high is the literary quality of the works to be translated? To this purpose, the description of the individual works will be assessed.
- How relevant is the experience of the professional translators to the nature of the works to be translated? To this purpose, the biography of the translators will be assessed.
3. Promotion and communication of the translated package (20)

This criterion evaluates the project's approach to promoting and distributing the translated works of fiction within Europe and beyond.

- How clear and appropriate is the promotion strategy including the use of digital technologies?
- To what extent are promotional activities tailored to the specificities of each book in the package including the definition of (sales) objectives, target groups, tools, channels, media and timeline
- How specifically will 1) translators be promoted and 2) EUPL books and EU support be made visible throughout the duration of the project?

4. Automatic points (15)

The translation and promotion of books which have won the European Union Prize for Literature ("EUPL winning books") are encouraged. Three points will therefore be automatically granted for each EUPL book (for up to 5 books) included in the project up to a maximum of 15 points.

The automatic points to eligible project applications will be calculated according to the number of EUPL winning books they contain, according to the following table and up to a maximum of 15 points per project:

- 1 EUPL winning book = 3 points
- 2 EUPL winning books = 6 points
- 3 EUPL winning books = 9 points
- 4 EUPL winning books = 12 points
- 5 EUPL winning books = 15 points

In the case of applications for framework partnership agreements, only the number of eligible works proposed for the first year will be taken into account in allocating the automatic points.
10. **LEGAL COMMITMENTS**

An EU grant is a direct financial contribution, by way of donation, from the budget in order to finance an action (also referred to as "project") intended to help achieve an EU policy objective. Grants are based on the principle of co-financing. The EU grant supplements the applicant organisation’s own financial resources, income generated by the action or financial contributions from third parties.

Acceptance of an application by the Agency does not constitute an undertaking to award an EU grant equal to the amount requested by the beneficiary. Furthermore, under no circumstances may the amount awarded exceed the amount requested.

The award of a grant does not establish an entitlement for subsequent years.

10.1. **Contractual provisions for two year projects**

In the event a grant is awarded by the Agency, a grant agreement/decision drawn up in euro and detailing the conditions and level of funding will be sent to the beneficiary. The strategy for translation, distribution and promotion will also be annexed to the grant agreement/decision.

- For beneficiaries established in the EU:

A grant decision will be used. A copy of the decision signed by the Agency will be sent to the beneficiary and must not be returned. The general conditions applicable to the decision are available in the Agency website:

As regard grant decisions, beneficiaries understand that:

**Submission of a grant application implies acceptance of these General Conditions. These General Conditions bind the beneficiary to whom the grant is awarded and shall constitute an annex to the grant decision.**

- For beneficiaries established outside the EU:

A grant agreement will be used. Two copies of the original agreement will be sent to the beneficiary for signature and must be returned to the Agency immediately. The Agency will sign them last.

The calculation of the maximum grant amount to be stated in the grant agreement/decision will be based on the estimated costs (total estimated budget) to implement the project. The total estimated budget must be provided together with the application and must comply with the conditions listed in these guidelines. The maximum grant amount will not exceed EUR 100 000.

10.2. **Contractual provisions for framework partnership agreements**

In the event of definitive approval by the Agency of the submitted project, a framework partnership agreement for 2014-2016 or 2017-2020 will be signed between the Agency and the beneficiary. The action plan setting out the long term strategy for translation, distribution and promotion will be annexed to the framework partnership agreement.

The framework partnership agreement formalises a partnership between the Agency and the beneficiary for 3 or 4 years, to enable them to achieve their long-term objectives. It is aimed at organisations whose actions are stable in particular in terms of objectives, format, target group and methodology.
Subsequently a specific agreement detailing the conditions and level of funding for the first year will also be signed between the Agency and the beneficiary. The work programme and budget for the first year will form the basis for awarding an annual action grant for this precise year. The maximum annual grant amount will not exceed EUR 100 000 and 50% of the total eligible costs of the project for that year.

Two copies of the original framework partnership agreement and the related specific agreements will be sent to the beneficiary for signature and must be returned to the Agency immediately. The Agency will sign them last.

- **Information on the functioning of the framework partnership agreement for the subsequent years**

In the second half of the year covered by the first specific agreement, applicants selected under a framework partnership agreement will be invited by the Agency to participate in a restricted call for proposals by submitting a simplified grant application. This application should detail the activities to be carried out and the budget for that year.

The simplified grant application must be in line with the action plan setting out the long term strategy annexed to the framework partnership agreement and must comply with the criteria as defined in the call for proposals. If, at the stage of analysis of the simplified grant application, it is found that it does not comply with these requirements, the Agency may reject the simplified grant application.

Each year, the simplified grant application will serve as a basis for the award of a specific agreement. As for the first year of the framework partnership agreement, specific agreements will detail the conditions and level of funding for the project.

The annual award of a specific agreement is subject to the adoption of the annual EU budget by the budget authority.

Please note that the calculation of the maximum grant amount to be indicated in the specific agreements will be based on the estimated costs (total estimated budget) to implement the annual work programme. The total estimated budget must be provided in the simplified grant application and must comply with the principles listed in these guidelines. The maximum annual grant amount will not exceed EUR 100 000 and the maximum percentage of co-financing foreseen for the first year.

Each year, two copies of the related specific agreement will be sent to the beneficiary for signature and must be returned to the Agency immediately. The Agency will sign them last.
11. FINANCIAL PROVISIONS

11.1. General Principles

   a) Non-cumulative award

   An action may only receive one grant from the EU budget. In no circumstances shall the same costs be financed twice by the Union budget. To ensure this, applicants shall indicate in the application form the sources and amounts of Union funding received or applied for the same action or part of the action or for its functioning during the same financial year as well as any other funding received or applied for the same action.

   b) Non-retroactivity

   No grant may be awarded retrospectively for actions already completed. A grant may be awarded for an action which has already begun only where the applicant can demonstrate the need to start the action before the grant agreement is signed or the grant decision is notified. In such cases, costs eligible for financing may not have been incurred prior to the date of submission of the grant application.

   c) Co-financing

   Co-financing means that the resources which are necessary to carry out the action may not be entirely provided by the EU grant. Co-financing of the action or of the work programme may take the form of:
   - the beneficiary's own resources,
   - income generated by the action,
   - financial contributions from third parties.

   d) Balanced budget

   The estimated budget of the action is to be attached to the application form. It must have revenue and expenditure in balance. The budget must be drawn up in euros. Applicants which foresee that costs will not be incurred in euros shall use the exchange rate published in the Official Journal of the European Union on the date of the publication of this call for proposals.

   e) Implementation contracts/subcontracting

   Where the implementation of the action requires the award of procurement contracts (implementation contracts), the beneficiary must award the contract to the bid offering best value for money or the lowest price (as appropriate), avoiding conflicts of interests and retain the documentation for the event of an audit. In the event of procurement exceeding € 60 000, the beneficiary must abide by special rules as referred in the grant agreement annexed to the call. Moreover the beneficiary is expected to clearly document the tendering procedure and retain the documentation for the event of an audit.
Entities acting in their capacity of contracting authorities in the meaning of Directive 2004/18/EC\textsuperscript{13} or contracting entities in the meaning of Directive 2004/17/EC\textsuperscript{14} shall abide by the applicable national public procurement rules.

Sub-contracting, i.e. the externalisation of specific tasks or activities which form part of the action/work programme as described in the proposal and which cannot be performed by the beneficiary itself must satisfy the conditions applicable to any implementation contract (as specified above) and in addition to them the following conditions:

- it may only cover the implementation of a limited part of the action;
- it must be justified having regard to the nature of the action and what is necessary for its implementation;
- it must be clearly stated in the proposal or prior written authorisation from the Agency must be obtained.

f) Financial support to third parties\textsuperscript{15}.

The applications may not envisage provision of financial support to third parties.

11.2. Funding method

11.2.1. Budget-based financing

The system of financing is a budget-based grant (eligible costs).

General provisions

Budget-based grants are calculated on the basis of a detailed estimated budget. The budget must indicate clearly the costs that are eligible for EU funding.

The EU grant is limited to a co-financing rate of 50\% of eligible costs.

Part of the total estimated eligible expenses must be financed from sources other than the EU grant. Applicants must indicate the sources and amounts of any other funding received or applied for in the same financial year for the implementation of the action concerned.

The allocated amount may not exceed the amount requested.

Eligible costs

To be eligible for this call, costs must correspond to eligible activities as defined in section 6.7 of these guidelines.

Eligible costs of the action are costs actually incurred by the beneficiary, which meet the following criteria:

- they are incurred during the duration of the action as specified in the grant agreement/decision, with the exception of costs relating to the final report and the report of factual findings on the final financial report;
- they are indicated in the estimated overall budget of the action;
- they are incurred in connection with the action which is the subject of the grant and are necessary for its implementation;
- they are identifiable and verifiable, in particular being recorded in the accounting records of the beneficiary and determined according to the applicable accounting standards of the

\textsuperscript{13} Directive 2004/18/EC on the coordination of procedures for the award of public work contracts, public supply contracts and public service contracts.

\textsuperscript{14} Directive 2004/17/EC coordinating the procurement procedures of entities operating in the water, energy, transport and postal services sectors.

\textsuperscript{15} Art. 137 FR, 210 RAP.
country where the beneficiary is established and according to the usual cost-accounting practices of the beneficiary;
- they comply with the requirements of applicable tax and social legislation;
- they are reasonable, justified, and comply with the requirements of sound financial management, in particular regarding economy and efficiency.

The beneficiary's internal accounting and auditing procedures must permit direct reconciliation of the costs and revenues declared in respect of the action with the corresponding accounting statements and supporting documents.

**Eligible direct costs**

The eligible direct costs for the action are those costs which, with due regard for the conditions of eligibility set out above, are identifiable as specific costs directly linked to the implementation of the action and which can therefore be booked to it directly. In particular, the following categories of direct costs are eligible, provided that they satisfy the criteria set out in the previous paragraph:

- translation costs;
- costs for publishing the translated books (except for the purchase of translation rights);
- promotion costs, such as participation in book fairs and festivals, visits of authors and translators, translation and dissemination of excerpts and marketing;
- costs related to a pre-financing guarantee lodged by the beneficiary of the grant where required;
- costs relating to external audits where required in support of requests for payment;
- non-deductible value added tax (VAT) for all activities which are not activities of the public authorities in the Member States.

For actions involving costs relating to a third country (i.e. costs relating to natural persons who are citizens of a third country, organisations based in a third country and activities taking place in a third country), the relevant costs incurred by the beneficiary must not exceed 30% of the total eligible budget.

**Ineligible costs**

The following costs shall not be considered eligible:

- fees paid by the applicants for translation rights
- return on capital;
- debt and debt service charges;
- provisions for losses or debts;
- interest owed;
- doubtful debts;
- exchange losses;
- costs of transfers from the Agency charged by the bank of the beneficiary;
- costs declared by the beneficiary in the framework of another action receiving a Union grant;
- excessive or reckless expenditure;
- contributions in kind;
- indirect costs.

**Calculation of the final amount of the grant and supporting documents**

The final amount of the grant to be awarded to the beneficiary is established after completion of the action, upon approval of the request for payment containing the following documents:
- the final report on the implementation and results of the project ("final technical report") and related documentation including a public summary/report as foreseen in section 12.2 of these guidelines;
- a "final financial report";
- proof that the works have been translated and published or in case of e-books released;
- proof that each of the translated works includes the biography of the translator(s);
- proof that each translator has been paid;
- copies of promotional material produced and proof of other promotional activities.

Additionally,

- **If the grant is more than EUR 60 000:**

  The beneficiary is required to submit, in support of the final payment, a “report of factual findings on the final financial report - type I” produced by an approved auditor or in case of public bodies, by a competent and independent public office.

  The use of the report format set by the “guidance notes” is compulsory.

- **If the grant is below or equal to EUR 60 000:**

  The beneficiary is required to submit, in support of the final payment, a copy of the following underlying documents:

  - The three highest value subcontracts;
  - 25% of the highest costs declared under travel and subsistence.

If it results from the calculation of the final amount of the grant that the eligible costs actually incurred by the beneficiary are lower than anticipated, the Agency will apply the rate of co-financing stated in the grant agreement/decision to the expenditure actually incurred. The Agency also reserves the right to reduce the amount of the grant if the beneficiary has not fully implemented the agreed action (as set out in the (specific) grant agreement/decision).

In the event of non-execution or clearly inadequate execution of activities planned in the application attached to the (specific) grant agreement/decision, or in the event the information requested in the grant agreement/decision is not submitted, the final grant will be reduced accordingly.

Where applicable, the beneficiary will be required to reimburse any excess amounts paid by the Agency in the form of pre-financing.

The EU grant may not have the purpose or effect of producing a profit for the beneficiary. Profit is defined as a surplus of receipts over eligible costs incurred by the beneficiary. Where a profit is made, the Agency is entitled to recover a percentage of the profit corresponding to the EU contribution to the eligible costs actually incurred by the beneficiary. This provision does not apply to grants lower than or equal to EUR 60 000.

11.2.2. **Payment procedure (applicable to both two year projects and framework partnership agreements)**

If the financial capacity requirements are met (please refer to section 8.2 for the assessment of the financial capacity), a **pre-financing payment corresponding to 70% of the grant amount** will be transferred to the beneficiary within 30 days of the date when the last of the two parties signs the (specific) agreement or within 30 days from the notification of the grant decision by the Agency,
provided all possible requested guarantees are received. Pre-financing is intended to provide the beneficiary with a float.

If the financial capacity requirements are not met, the Agency may make an interim payment on the basis of eligible expenses already incurred. Interim payments are intended to cover the beneficiary’s eligible expenditure on the basis of an interim report when the action has been partly carried out.

The Agency will establish the amount of the final payment to be made to the beneficiary on the basis of the final report (see section 10.4.2 of these guidelines). If the total of earlier payments is higher than the final grant amount, the beneficiary will be required to reimburse the amount paid in excess by the Agency through a recovery order.

11.2.3. Pre-financing guarantee

In the event that the applicant's financial capacity is not satisfactory, a pre-financing guarantee for up to the same amount as the pre-financing may be requested in order to limit the financial risks linked to the pre-financing payment.

The financial guarantee, in euro, shall be provided by an approved bank or financial institution established in one of the Member State of the European Union. When the beneficiary is established in a third country, the authorising officer responsible may agree that a bank or financial institution established in that third country may provide the guarantee if he considers that the bank or financial institution offers equivalent security and characteristics as those offered by a bank or financial institution established in a Member State. Amounts blocked in bank accounts shall not be accepted as financial guarantees.

The guarantee may be replaced by a joint and several guarantee by a third party or by a joint guarantee of the beneficiaries of an action who are parties to the same grant agreement.

The guarantee shall be released as the pre-financing is gradually cleared against interim payments or payments of balances to the beneficiary, in accordance with the conditions laid down in the grant agreement.

This requirement does not apply to:

- public bodies and international organisations under public law established by intergovernmental agreements, specialised agencies created by such organisations, the International Committee of the Red Cross (ICRC) or the International Federation of Red Cross and Red Crescent Societies.

beneficiaries who have entered into a framework partnership agreement may also be released from this obligation.

Guarantees may not be required in the case of low value grants, i.e. ≤ EUR 60 000.
12. PUBLICITY, COMMUNICATION AND DISSEMINATION

12.1. By the beneficiaries

Beneficiaries must clearly acknowledge the EU contribution in all publications or in conjunction with activities for which the grant is used.

In this respect, beneficiaries are required to give prominence to the name and emblem of the European Commission on all their publications, posters, programmes and other products realised under the co-financed project.

To do this they must use the text, the emblem and the disclaimer available at http://eacea.ec.europa.eu/about-eacea/visual-identity_en

If this requirement is not fully complied with, the beneficiary’s grant may be reduced in accordance with the provisions of the grant agreement or grant decision.]

12.2. By the Agency and/or the Commission

With the exception of scholarships paid to natural persons and other direct support paid to natural persons in most need, all information relating to grants awarded in the course of a financial year shall be published on the Internet site of the EU institutions no later than the 30 June of the year following the financial year in which the grants were awarded.

The Agency and/or the Commission will publish the following information:

- name of the beneficiary,
- locality of the beneficiary: address of the beneficiary when the latter is a legal person, region when the beneficiary is a natural person, as defined on NUTS 2 level\(^\text{16}\) if he/she is domiciled within the EU or equivalent if domiciled outside EU,
- the amount awarded,
- nature and purpose of the grant.

Upon a reasoned and duly substantiated request by the beneficiary, the publication shall be waived if such disclosure risks threatening the rights and freedoms of individuals concerned as protected by the Charter of Fundamental Rights of the European Union or harm the commercial interests of the beneficiaries.

12.3. Communication and dissemination

To maximise impact, projects should have a clear and strong strategy for communication and dissemination of their activities and results. Applicants must provide enough time and resources to communicate and interact appropriately with peers, audiences and local communities as appropriate.

Beneficiaries will be required as stipulated in the grant agreement to produce a public summary/report in English providing information about their work and the results of their project. The public summary/report must be included in the final report submitted to the Agency and uploaded in the project dissemination platform run by the Commission (link to VALOR). The report may be used by the Commission to provide information on the results of projects.

The European Commission, together with the Agency, may identify good practices and prepare relevant dissemination materials to be shared within and across all participating countries and beyond.

Beneficiaries may be required to attend and to participate in events organised by the European Commission or the Agency to share their experience with other participants and/or policy makers.

Please note that if these requirements are not fully complied with, the beneficiary’s grant will be reduced in accordance with the provisions of the grant agreement.

13. **DATA PROTECTION**

All personal data (such as names, addresses, CVs, etc.) will be processed in accordance with Regulation (EC) No 45/2001 of the European Parliament and of the Council of 18 December 2000 on the protection of individuals with regard to the processing of personal data by the European Community institutions and bodies and on the free movement of such data.\(^\text{17}\)

Unless marked as optional, the applicant's replies to the questions in the application form are necessary to evaluate and further process the grant application in accordance with the specifications of the call for proposals. Personal data will be processed solely for that purpose by the department or Unit responsible for the Union grant programme concerned (entity acting as Data Controller). Personal data may be transferred on a need to know basis to third parties involved in the evaluation of applications or in the grant management procedure, without prejudice of transfer to the bodies in charge of monitoring and inspection tasks in accordance with EU law. In particular, for the purposes of safeguarding the financial interests of the Union, personal data may be transferred to internal audit services, to the European Court of Auditors, to the Financial Irregularities Panel or to the European Anti-Fraud Office and between authorising officers of the Commission and the executive agencies.

The applicant has the right of access to, and to rectify, the data concerning him or her. For any question relating to these data, please contact the Data Controller. Applicants have the right of recourse to the European Data Protection Supervisor at any time. A detailed Privacy statement, including contact information, is available on the Agency's website: [http://eacea.ec.europa.eu/about/documents/calls_gen_conditions/eacea_grants_privacy_statement.pdf](http://eacea.ec.europa.eu/about/documents/calls_gen_conditions/eacea_grants_privacy_statement.pdf)

Applicants and, if they are legal entities, persons who are members of the administrative, management or supervisory body of that applicant or who have powers of representation, decision or control with regard to that applicant, or natural or legal persons that assume unlimited liability for the debts of that applicant, are informed that, their personal data (name, given name if natural person, address, legal form and name and given name of the persons with powers of representation, decision-making or control, if legal person) may be registered in the Early Detection and Exclusion System (EDES) by the Authorising Officer of the Agency, should they be in one of the situations mentioned in the Regulation (EU, Euratom) No 966/2012 of the European Parliament and of the Council of 25 October 2012 on the financial rules applicable to the general budget of the Union and repealing Council Regulation (EC, Euratom) No 1605/2002 (OJ L 298 of 26.10.2012, p. 1) as amended by the Regulation (EU, Euratom) No 2015/1929 of the European Parliament and of the Council of 28 October 2015 (OJ L 286, 30.10.2015, p. 1)

14. PROCEDURE FOR SUBMISSION AND SELECTION OF APPLICATIONS

14.1. Publication

Calls for proposals will be published following the adoption of the annual Work Programme(s), on the Internet site of the Agency.

14.2. Registration in the Participant Portal

Before submitting an electronic application, applicants will have to register their organisation in the Education, Audiovisual, Culture, Citizenship and Volunteering Participant Portal and receive a Participant Identification Code (PIC). The PIC will be requested in the application form.

The Participant Portal is the tool through which all legal and financial information related to organisations will be managed. Information on how to register can be found in the portal under the following address: http://ec.europa.eu/education/participants/portal.

The tool also allows applicants to upload different documents related to their organisation. These documents have to be uploaded once and will not be requested again for subsequent applications by the same organisation.

Details on the supporting documents that need to be uploaded in the Portal can be found in Annex 2.

14.3. Submission of grant applications

Applications must be made through an online application system. Grant applications must be drawn up in one of the official EU languages, using the online form specifically designed for this purpose.

The online forms can be obtained at: https://eacea.ec.europa.eu/PPMT/

Applications must be submitted by the deadline mentioned in the call for proposals, and this before 12:00 CET/CEST (Midday, Brussels time), using the online application form referred to above.

No other method of submission of an application will be accepted. Applications submitted in any other way will be automatically rejected. No exceptions will be made.

Applicants should ensure that they have officially submitted their electronic application form and that they have received an e-mail acknowledging receipt of their submission.

No changes to the dossier can be made after the deadline for the submission of applications. However, if there is a need to clarify certain aspects or for the clerical mistakes, the Agency may contact the applicant for this purpose during the evaluation process.

All applicants will be informed in writing about the results of the selection process.

14.4. Evaluation procedure

14.4.1. First step of the evaluation procedure: evaluation of the eligibility, exclusion and selection criteria

Only applications that fulfil the eligibility, exclusion and selection criteria will be considered for a grant and will be assessed by experts against the award criteria. If an application is deemed ineligible, a letter indicating the reasons will be sent to the applicant.
Applications which do not fulfil the eligibility, exclusion and selection criteria will be informed in writing.

Applications that fulfil the eligibility, exclusion and selection criteria will be ranked according to the scores obtained for the different award criteria (defined in section 8 of these guidelines). Within the limit of the available budget, applications obtaining the highest scores will be selected.

The assessment will be made solely on the basis of the documents sent by the relevant deadline. Nevertheless, the Agency reserves the right to request additional information from the applicant.

14.4.2. Second step of the evaluation procedure: evaluation of award criteria

This part of the evaluation will be carried out by experts that will be appointed by the Agency further to a call for expression of interest. The conditions to be appointed as expert and the procedure of the call for expression of interest are published on the website of the Agency at: http://eacea.ec.europa.eu/about/call_experts/call_experts_2013_en.php.

a) Individual evaluation

At this stage the experts are acting individually; they do not discuss the application with each other. The experts record their individual opinions in a report, giving scores and also comments against the award criteria as defined under section 8 of these guidelines.

Signature of the report also entails a declaration that the expert has no conflict of interest in evaluating that particular application.

b) Consensus meetings

Once all the experts to whom the same application has been assigned have completed their reports, the evaluation progresses to a consensus assessment, representing their common views.

The consensus discussion is moderated by representatives of the Agency and/or the Commission.

The signing by the experts of the consensus report completes the consensus step.

14.5. Award decision

The reports of the experts and their opinions will be assessed by an Evaluation Committee. The Evaluation Committee, which is composed of staff from the Commission and the Agency, will make a proposal for the selection to the authorising officer. The authorising officer from the Agency remains solely in charge of awarding the grants.

The evaluation procedure will be finalised only after the completion of the above mentioned procedure and the adoption by the authorising officer of the grant award decision.

All applicants will be sent a letter formally informing them of the decision taken by the Agency or the Commission (award decision), as well as of the assessment of the external experts for each award criterion.

A list of the selected applications will then be published on the Agency’s website.

Once the award decision is adopted, all the technical, legal and financial issues are verified and agreed upon and a grant agreement is drafted and sent to the selected applicants for signature.
